

Brother Fire

~ A Prayer for Creation ~

God, we thank you and give you praise for Brother Fire.

We walk by Fire's light.

Even through darkened times and places,

fire illuminates each step along the path,

even when the distant view is unclear and in shadow.

Fire purifies us, burning away the cluttered underbrush

and making way for new growth to sprout forth from the ashes.

Fire warms and comforts us,

dances for us and energizes us.

God, we thank you and give you praise for Brother Fire.

Amen
