

Father Air

~ A Prayer for Creation ~

God, we thank you and give you praise for Father Air.

*We are in awe of Air's power to create change—
in the roar of a tornado or in a whisper heard only within our hearts.*

*Air serenades us as it blows through the trees and canyons
or simply rustles through the fallen autumn leaves.*

Air cools us on a hot summer night,

brings bitter chill in winter

and carries the sweet scents of spring.

Air stirs us to action in song and symphony.

God, we thank you and give you praise for Father Air.

Amen
