

Mother Earth

~ ~ *A Prayer for Creation* ~ ~

God, we thank you and give you praise for Mother Earth.

*Our feet tread an almost imperceptible path
across Earth's valleys, mountains, pastures, deserts, and woodlands.*

Earth sustains our life with the abundance of her harvests.

She shapes us and forms us from the very elements of herself.

*Earth knows her great power,
from deep within her molten core,
reshaping, reforming, and renewing herself.*

*Earth cradles us on our journey
and enfolds us when the journey is complete.*

God, we thank you and give you praise for Mother Earth.

Amen
