**NOV. 12, 2019,
JAN. 14, 2020,
& MARCH 10, 2020**

Essentials for Leading Mission in Catholic Health Care is designed specifically for new mission leaders and those considering entering the ministry of mission integration to assist their growth in the competencies necessary to be effective in their roles.

The 2019 program will be followed by a series of online meetings, approximately every two months starting in November. The topics covered in the online meetings will include international outreach, community benefit, advocacy as well as subject areas the cohort group will determine. We will use the Zoom® videoconference meeting platform so participants will be able to see one another and continue to develop their mission leader network.

The registration cost covers both the in-person meeting and all online meetings, with the series concluding in the spring of 2020.

OBJECTIVES *After completion of this program, participants will be able to:*

- + Express trends in mission leader competencies and organizational roles
- + Articulate a fundamental theological grounding for the work of mission and framework for the Catholic health ministry
