JANUARY 31, 2023 – MARCH 23, 2023

COVER ARTWORK

"The Road to Emmaus," Mike Torevell.
Used with permission.

Now on that same day two of them were going to a village called Emmaus, about seven miles from Jerusalem, and talking with each other about all these things that had happened. While they were talking and discussing, Jesus himself came near and went with them, but their eyes were kept from recognizing him. And he said to them, "What are you discussing with each other while you walk along?" They stood still, looking sad. Then one of them, whose name was Cleopas, answered him, "Are you the only stranger in Jerusalem who does not know the things that have taken place there in these days?" He asked them, "What things?".....

When he was at the table with them, he took bread, blessed and broke it, and gave it to them. Then their eyes were opened, and they recognized him; and he vanished from their sight.

They said to each other, "**Were not our hearts burning within us** while he was talking to us on the road, while he was opening the scriptures to us?" That same hour they got up and returned to Jerusalem; and they found the eleven and their companions gathered together. They were saying, "The Lord has risen indeed, and he has appeared to Simon!" Then they told what had happened on the road, and how he had been made known to them in the breaking of the bread.

New Revised Standard Version Luke 24: 13-19 / 30-35

"The Road to Emmaus" artwork is a paradigmatic image for the formational process — the oftentimes confused information we have to deal with (head), the gradual and even dramatic change that can take place when we "see" and allow the Spirit into our being (heart), and how this can become a transformational process whereby we want to share, and be of love and service to all others, and in the world (feet or hands).

Foundations of Catholic Health Care Leadership Live

An Interactive Online Course for Formation and Development

January 31 to March 23, 2023

Designed for Leaders Like You!

CHA's *Foundations of Catholic Health Care Leadership* Program provides executives, board members, directors, managers, clinicians and other leaders in Catholic health care with a foundation in core theological and ethical principles that are at the heart of the Catholic health ministry.

Considered an essential primer for new and current leaders in Catholic health care, the program deepens understanding of the pivotal role leaders play in carrying out the healing mission of Catholic health care in serving the needs of patients, families, communities and the common good.

Engaging Online Experience

Foundations Live takes place in a series of eight consecutive weekly virtual sessions on starting on Thursday, Feb. 2 to March 23, 2023, from 1-3:30 p.m. ET. An orientation session to familiarize participants with the overall program agenda and online format is scheduled for Tuesday, Jan. 31, 2023, from 1 to 2 p.m. ET.

Each session features presentations from seasoned experts in key areas of Catholic health care in combination with valuable opportunities for dialogue and networking in breakout sessions and online discussions between each session.

The comprehensive curriculum encompasses leadership, formation, spirituality and whole person care, Catholic social tradition, theology, mission, ethics and the *Ethical and Religious Directives for Catholic Health Care Services*, sponsorship, community benefit, global health, advocacy, and discernment in decision making.

Each session focuses on a key principle of Catholic health leadership to give participants an in-depth understanding of core principles of Catholic health care. Since each session builds on each other, registrants are expected to participate in all eight sessions to benefit fully from the program. Relevant reading materials and information for group discussions are provided prior to each session.

Participate as a Group or Individually

You are free to participate either with a group of colleagues from your own system or facility or as an individual. Over the years, many registrants have found that participating as a group is a great way to foster team building and to apply learnings to their daily work. Individuals will participate in the program with a group of individuals from other locations to foster interaction and group discussion.

Registration

- Early registration discount for CHA members: \$500 per person through Monday, Dec. 5, 2022.
- CHA members: \$550 per person starts Tuesday, Dec. 6, 2022.
- Non-CHA members: \$1,100 per person
- Group discount: 10 percent off each individual registration for groups of five or more

Program Details

Attendance

This program is designed to provide ample time for small group discussions so participants may gain knowledge from presenters and one another. To ensure that the small groups become a forum for networking and sharing information and experiences, registrants must participate in all sessions.

Sessions are recorded and are made available to registrants the week after the session. This is done as a courtesy for anyone who cannot attend a live presentation due to an unexpected absence. In no way should the recordings be used to take the place of attending the live presentation and participating in the small group discussions.

Individual and Group Attendance

The online course provides a valuable educational and formation experience for individuals and teams of participants from the same facility/location. The difference in the experience for the individual participant versus persons in a group at the same location is in the small group discussions. Individuals will be connected with other individual registrants from across the country in a small group that is developed for individual participants.

Participation as Part of a Group

Many organizations use this online program as an opportunity for team building and education and to augment their own formation programs. Executive teams and/or department leads or other groups can register and then attend together in one room using one computer and one phone line. Based on experience over the years, we recommend that the group does not exceed eight persons. If two or three individuals attend from one location, CHA will assign them to a small group that will include participants from other locations.

Participation as an Individual

Individual registrants can participate from anywhere. They are assigned to small groups and then connect via phone to other members of their small group. Participants in previous programs have indicated that connections they made with members of the group continued well after the online program concluded. To foster team building within a system, CHA assigns individuals from facilities within the same system to the same small group.
