patients in the U.S. is cared for in a Catholic Hospital

Catholic health care systems and facilities are present in all 50 states providing acute care, skilled nursing and other services including hospice, home health, assisted living and senior housing.

- Not-for-profit, church-owned hospitals save more lives, release patients from the hospital sooner and have better overall patient satisfaction ratings.*
- Religious hospitals demonstrate significantly better results than for-profit and government hospitals on patient safety, length of stay and patient satisfaction.*
