SHAPING THE STORY

Westberg Institute
for Faith Community Nursing

"The Right Way to Care"

Mission: The Faith Community Nurse Program, inspired by Catholic Health's commitment to its mission and values, promotes wholistic health by advocating for social determinants of health needs, fostering community involvement, while supporting illness prevention and management within the faith communities' scope of influence

Vision: To partner with each accepting communities of faith in addressing their memberships spiritual, physical, mental, and social health needs

TRUE, FAITH COMMUNITY NURSE STORIES...

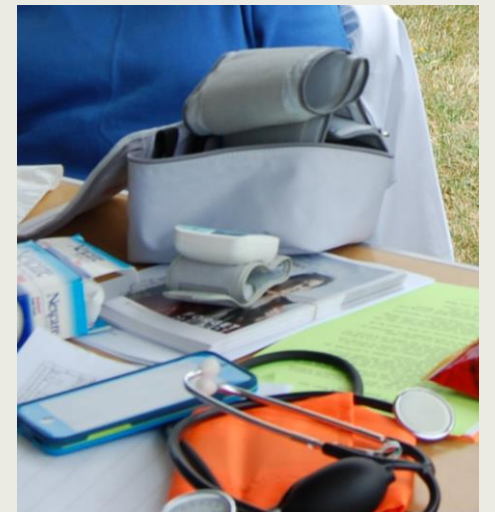

*"Do all the good you can, by all the means
you can, in all the ways you can, in all the
places you can, at all the times you can to all
the people you can, as long as ever you can."*
