

A Prayer for People Who Travel

Loving Father, please be with all of the people that will traveling to _____ this week as they work together in shaping the future of _____. Open their hearts and minds to hear Your words through others. Let each of them know that You are with them and will guide them as each day passes. Give each of them the strength and ability to spread Your word though their actions and conversation with others. We ask you Lord for safe travels in every mile that we drive. Thank you God for watching over us as we continually work to Build Your Kingdom. Amen.
