

**Saint Joseph Hospital | Saint Joseph East**  
**Blessing Prayer upon Moving into New Workspace**

Blessed are you, O God,  
who have given us this space for our use!

Blessed are you, O God,  
who have given us a variety of gifts for service!

Through the work of our hands  
and the gift of this space,  
you enhance our ability *to bring wellness, healing and hope to all,*  
*including the underserved.*

Let us responsibly steward this space  
and the variety of our gifts and talents  
ever mindful of the humbling privilege that we bear:  
bringing God's healing and hope  
to our sisters and brothers in need.

Amen!
