

# National Preparedness Month

*O Lord, until you bring about the new heavens and new earth at the end of time, disasters will come.*

*Give us wisdom to be ready, that we will be watchful but not fearful.*

*Make us ever mindful of ways to prepare for natural disasters, flooding, storms, fires, earthquakes.*

*Let us look beyond ourselves to help others in the midst of crisis and rebuilding after a disaster.*

*Make us leaders in these efforts for our families, our communities, our nation and our world, until you return to put all things right again.*

*Amen.*
