WHAT IS NEEDED IS A PERSONALIZED APPROACH
to the sick, not just of curing, but also of caring, in view of an
integral human healing. In experiencing illness, individuals not
only feel threatened in their physical integrity, but also in the
relational, intellectual, affective and spiritual dimensions of
their lives. For this reason, in addition to therapy and support,
they expect care and attention.

In a word, love.

POPE FRANCIS
28th World Day of the Sick Message, 2020

Tender and merciful God,
you watch over your creatures with
unfailing care, keep us in the safe
embrace of your love. With your strong
right hand, make whole all who
are suffering. Give them the strength
of your power and the stillness of your
peace. Minister to them through
the compassionate service of others
and heal their every affliction.
Fill those who serve the sick with
new hope and joy for the good they
do in your name.

AMEN.
