

A Blessing for Health Care Leaders

May you walk among the people you serve,
May you be one with them.
May others see your care,
May they catch your gift.

May your soul be nourished by the work you do,
The service you perform.
May your heart be lifted in the struggles you endure.

May you know the mission
In your very bones.
May it challenge you and sustain you.

May you risk all that is secure for you,
That you may reach all that is central to you
And find goodness there.
May courage befriend you,
Integrity sustain you,
Hope call you forward.

May you walk on the water of faith
Toward the One who calls us all.

Amen.
